

RECOGNIZING GOUVERNEUR
HEALTH

HON. NYDIA M. VELÁZQUEZ

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, September 18, 2017

Ms. VELÁZQUEZ. Mr. Speaker, I rise today to recognize Gouverneur Health and its dedicated professional staff and volunteers for the critical work they are doing for patients and families in New York City.

Gouverneur Health is a Medicare and Medicaid certified center. It is one of the largest institutions in Lower Manhattan, and the largest freestanding ambulatory care center in New York State.

Gouverneur Health has taken care of the ever-changing population of the Lower East Side for more than a century. Gouverneur's dedicated and professional staff removes barriers caused by language, culture and income, enabling patients to make informed decisions vital to their physical, mental and social well-being.

With Gouverneur's help, our neighbors receive important disease prevention information and screenings to ensure a healthy future for children and hard-working families. These important services have grown and evolved over the past century, proving that the hospital is responsive to the needs of the community.

As they celebrate 132 years of tremendous work, I am confident that NYC Health + Hospitals Gouverneur will continue to build on its history of service and find many more years of success.

HONORING ANGELO R.
MARTINELLI

HON. ELIOT L. ENGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, September 18, 2017

Mr. ENGEL. Mr. Speaker, I rise today to honor my friend and former colleague in government, Angelo R. Martinelli, who has done so much to strengthen and promote the Yonkers community and beyond.

Though known as a Yonkers staple, Angelo was actually born in the Bronx and grew up in Mt. Vernon. After graduating from high school, he enlisted in the United States Army and was honorably discharged in 1946 with the rank of Sergeant.

Upon returning home, Angelo worked in the family business, The Yonkers Daily Times, and in 1948 he bought the Gazette Press, the oldest printing firm in Westchester County.

In 1973, Angelo was elected Mayor of the City of Yonkers. He served from 1974 to 1979 and again from 1982 to 1987, making him the longest-tenured mayor of Yonkers. During his career, Angelo held a number of other offices and positions in national and state organizations, which earned him a reputation as an effective and forceful advocate for municipal government interests, especially in the areas of senior-citizen and anti-crime programs.

In addition, Angelo has served on the Board of Directors of the Yonkers Police Athletic League since 1991 and as Chairman of the Board of Directors of the Yonkers Chamber of Commerce for 22 years. In 1976, he was one

of the founding members of the Untermyer Performing Arts Council. He previously served on the Board of St. Joseph's Medical Center and was Chairman of the Advisory Board of St. Patrick's Home for the Aged and Infirm. He was also the President of the Queen's Daughters Day Care Center, and, in January 1984, Mercy College conferred upon him an Honorary Doctorate of Humane Letters.

Angelo has always been a passionate man when it comes to public service, but his greatest passion and love always belonged to his family. He was married to his beloved late wife, Carol, for 65 years. Together their family grew to include their six sons, five daughters-in-law, twelve grandchildren, and seven great-grandchildren. In 2016, Angelo once again demonstrated his commitment and love for the City of Yonkers, by donating the funds to restore the Temple of Love at the historic Untermyer Gardens in memory of his late wife, Carol. The donation served as a beautiful tribute to both his city and the amazing woman he loved.

It is truly an honor to have a friend like Angelo, just as it is an honor for me to recognize him here today. I thank Angelo for his years of service to our community. Yonkers is surely a better place for all he has done on its behalf.

DEPARTMENT OF THE INTERIOR,
ENVIRONMENT, AND RELATED
AGENCIES APPROPRIATIONS
ACT, 2018

SPEECH OF

HON. JOE COURTNEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 12, 2017

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 3354) making appropriations for the Department of the Interior, environment, and related agencies for the fiscal year ending September 30, 2018, and for other purposes:

Mr. COURTNEY. Mr. Chair, I rise in support of my amendment numbered 86 to Division C of H.R. 3354 printed in House Report 115–297 to direct the National Institute of Standards and Technology to establish standards for acceptable levels of pyrrhotite in concrete aggregate, and to continue providing technical assistance to those interested in pyrrhotite detection, prevention, and mitigation tools.

Pyrrhotite is a rare natural mineral that has been found in higher than normal concentrations in stone aggregate used in concrete poured for residential foundations in northern Connecticut and Massachusetts. Over time, pyrrhotite oxidizes, expanding within the foundation and causing the foundation wall to bow and crack. Severe cracking weakens the foundation to the point of collapse over a period of 10–15 years, and potentially thousands of homeowners in the region could see their homes collapse.

By establishing standards for pyrrhotite content, NIST could prevent a similar problem from occurring in residential buildings in other areas. In addition, providing technical assistance to those already affected by this problem will help establish best practices for mitigation of pyrrhotite-related damage. I look forward to

continuing to work with the Appropriations Committee and the agency on this important issue, and I urge the adoption of my amendment.

HONORING BARBARA GRIMM-MARSHALL AND KARI GRIMM-ANDERSON FOR THEIR DEDICATED COMMUNITY INVOLVEMENT

HON. KEVIN MCCARTHY

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 18, 2017

Mr. MCCARTHY. Mr. Speaker, I rise today and am joined by my colleague from California, Mr. VALADAO, to recognize two outstanding leaders in our community: Barbara Grimm-Marshall and Kari Grimm-Anderson. Throughout the years, Barbara and Kari have been deeply involved in our community and it comes as no surprise they have each been named by the Kern County Fair as 2017 Person of the Year.

Every year, the Kern County Fair attracts families from all over the Central Valley to partake in the unique festivities ranging from the Great American Duck Race to the highly-competitive 4-H livestock showcases. However, we also take time to acknowledge and pay tribute to individuals who have improved our community with the Person of the Year award.

While Barbara and Kari may be known for their leadership roles with the world's largest carrot operation through their family-owned farm, Grimmway Enterprises, Inc., they have each played an integral part in the betterment of our community. Notably, in 1998, Grimmway Enterprises created a college scholarship program for the children of their employees that has provided access to higher education through more than 300 college scholarships.

Through their philanthropic endeavors, Barbara and Kari have been instrumental in helping students in rural regions of the Central Valley prepare for college, while also working to address the increasing prevalence of childhood diabetes and obesity through various programs and outreach efforts.

Barbara founded and currently serves as the CEO of the Grimm Family Education Foundation and has worked tirelessly to establish rural charter schools throughout Kern County to ensure students have access to a world-class education. In August 2011, the Foundation opened the Grimmway Academy in Arvin, California, enrolling more than 280 students Kindergarten through third grade. Today, the Academy has two campuses, one in Arvin and the other in Shafter, with total enrollment surpassing 1,200 students for the 2017–2018 school year. Additionally, the Foundation recently opened the Buena Vista Edible Schoolyard, dedicated to exposing students to the many facets of agricultural and environmental stewardship in the region.

Kari is widely known for her insight and contributions to a number of civically-minded groups, including the Board of Directors for the Junior League of Bakersfield and the Board of Regents at Concordia University, Irvine. Similarly, Barbara has dedicated her time serving on various boards, such as the Lori Brock Children's Museum, St. John's Lutheran Church, the California State University
